Dear _____,

Do you know that diabetes has increased dramatically in the United States in recent years?

Do you know that diabetes is a debilitating disease that is most prevalent among minority populations?

Do you know that diabetes could be prevented?

Answers to these questions led the officers and members of several Lions Clubs in San Diego to get together and organize a Diabetes Walk to create awareness of the increasing problem of diabetes among minority populations and how this debilitating disease and its complications could be prevented.

However, we cannot do this alone. We need community partners like you to support our efforts in this humanitarian endeavor. For this reason, we would like to request you to be one of our community partners by becoming sponsors of the Diabetes Awareness Walk to be held on Sunday, November 15, 2015, from 6:00 AM to 11:00 AM at the NTC Liberty Station, Preble Field in Point Loma.

Attached herewith are the information on Sponsorship Levels and benefits and the flyer-announcement of the event. We will greatly appreciate your positive response to this request. Thank you.

Sincerely yours,

Lion Ceferina Ruiz, M.D.
Chair, District 4-L6 Diabetes Awareness Action Committee
Co-Chair, 2015 Diabetes Awareness Walk

LIONS DIABETES AWARENESS WALK
